

EDUCATION. IT MAKES ALL THE DIFFERENCE IN THE WORLD.

They started out learning by scratching out letters and numbers in the dirt under the shade of a tree. Help came along and a mud building was built. The rains came, as they do every year, and caused much damage. Repairs were made and then came the news - the school must be moved by order of the government, and to have a permanent location it must be made of brick. Will you help give these children the opportunity they so desperately need and deserve?

For a gift of \$10 a brick you can partner with We're All God's Children and Grassroots Heroes in providing the building materials necessary to construct a simple brick school building. The villagers are ready and willing to learn the skills and do the work but they need our help. Please consider making a donation that will have a lasting impact on the entire village of Grippis Farm in Zambia, Africa. Education does make all the difference and we invite you to be part of this exciting project.

Yes! I'd like to help! Enclosed is my donation for

_____ bricks @ \$10 each Total _____

Name: _____

Address: _____

Email: _____

Please make checks payable to: We're All God's Children
